Apparently, Annie Dookhan had different initials when she was hired, so our IT staff identified an additional 9163 samples that she tested from 2003-2005. See below and attached. Linda

Subject: RE: Annie's druglab Samples Received 2003 to 2005

Hi,

Good morning.

There are 9163 samples Annie analyzed when her initials were ASK.

1152 samples were as a second chemist
8011 samples were as the first chemist

187 samples from 2003
8913 samples from 2004
63 samples from 2005

Thanks,

Kip
